

ACTIVITY REPORT 2016-2017

Lead us from Darkness to Light

NETRAM EYE FOUNDATION
NEW DELHI

NETRAM EYE FOUNDATION

Netram eye foundation, registered under society of Registration act 1860, New Delhi.

Exemplary eye care services at grass root level. Philosophy of Netram Eye Foundation is to lead every eye from darkness to light. It's an organization built on foundation of ethics, righteousness and quality eye care. Established in 2011, in a short span of time it has conducted over 125 outreach camps and operated more than 10,000 patients successfully. It has six peripheral eye centres and main eye centre in C R Park, headed by Dr Anchal Gupta.

Philosophy behind green logo of Netram with leaves is life. At Netram Eye Centre, every corner reflects the concept of leaves, embarking the message of new life awaiting. The moment one enters the organization, disease and apathy is left behind the door and a new hope of betterment predates.

The entire concept reflects Dr Anchal's philosophy of amalgamation of exemplary skill with positive aura, an unfathomable combination.

NETRAM EYE FOUNDATION MISSION

Reach the unreachable. By establishing as many peripheral centers, we intend to spread our philosophy of quality and ethical eye care to everyone. Preventing school children refractive blindness is our major drive. At Netram Eye Foundation, we are making best use of technology, enterprise and local network to provide eye care and awareness to as many people possible.

NETRAM EYE FOUNDATION VISION

Our vision is to become Pioneers in Quality and Ethical eye care. We at Netram Eye Foundation envisage "Sight to all". In an era of enthusiastically developing technology, India is still burdened with preventable blindness in huge magnitude. We by our miniscule efforts would contribute to treating curable blindness to the maximum possible extent. Our work philosophy is "Compassion is as important as Prescription". We dream to build a setup catering best treatment to all strata of society for those who can pay, pay less or not pay at all. All eyes should smile.

FOUNDER MESSAGE

Dr Anchal Gupta, a young ophthalmologist, hailing from a small town, with big dreams in her eyes, is incessantly working on achieving solutions to tackle preventable blindness. She has founded Netram Eye Foundation with the same vision and is successfully working towards attaining her goal at the largest possible level. The world is her canvas and her hard work is the brush determined to bring good sight to all. She dreams to be identified as “The woman who brought ROSHNI to all”.

Dr Anchal Gupta, MBBS MS Ophthalmology, is a young Ophthalmologist with a zeal for social work. She has done her Masters in Ophthalmology from the prestigious King George Medical University, Lucknow with academic accolades. Driven by her passion to cure reversible blindness, she did her fellowship in Cornea from Venu Eye institute & Research Centre, Delhi. During her Fellowship, Dr Anchal conducted many awareness campaigns for upbringing the social message for eye donation. Dr Anchal has also done her registrarship from the renowned Maulana Azad Medical College, Delhi, with particular expertise in the field of Cornea and medical Retina.

Adjunct to brilliant academic record and excellent organisational skills, Dr Anchal is an imminent and articulate surgeon with God blessed skills in both speed and accuracy as a surgeon.

She founded NETRAM EYE FOUNDATION to continue with her flair for charity work and social service & has established a state of the art Ophthalmology Centre

AWARDS & RECOGNITION

Dr Anchal Gupta has been felicitated with several awards and recognitions for her work as a doctor and for her contribution towards the society:

1. Felicitation at North-East Youth Summit-2017
2. The Mahatma Gandhi Samman Award-2017
3. The Heroes Award-2016
4. Healthcare Award-2016

5. Swastha Sawa Samman-2016
6. Pride of India Award-2015
7. Rajeev Gandhi Rashtriya Ekta Samman-2015
8. RK HIV AIDS Foundation Award-2013
9. Medgate Healthcare Excellence Award-2012

NETRAM PROGRAM

ROSHNI:-

With extensive research we discovered something as basic as spectacle prescription glasses are not available to rural india

ROSHNI is a van fitted with optical stock, glass fitting machines and frames stock

It is manned by an optometrist, driver and a runner boy

Glasses can be checked and delivered at the spot

It is basically a rural “LENSKART”

Unit packed with optical testing and delivery system

DELIVERABLES

Comprehensive eye test

Spectacle distribution for school children and adults

Referral system for eye related problems

Assessment of blood pressure and blood sugar

Maintaining record

IMPACT

- In working age group, provision of correct spectacle increased productivity by 34% and income by 20%
- Poor vision increases the risk of fractures and falls in workers by 7 times.
- Vision 2020: the right to sight :considers refractive error as a TOP priority, easily treatable by spectacles, curb it at grass root level.
- Provide GPRS enabled MOBILE DEVICES for reachability and utilization of limited resources
- Van equipped with eye testing, BP an blood sugar testing device

"ROSHNI: Rural Optical Service an Honorary Netram Initiative " launched by Netram eye foundation in association with Contacare and Lupin foundation at Bharatpur, Rajasthan.

One of its kind concept which can provide prescription glasses right at spot thereby tackling burden of refractive blindness.

एसडीएम ने किया नेत्र जांच वाहन का उद्घाटन

कुम्हेर | स्कूली विद्यार्थियों की आंखों की जांच स्कूलों में ही करने के लिए लुपिन ने नेत्रम आई फाउंडेशन के सहयोग से रोशनी परियोजना के तहत नेत्र जांच वाहन का उद्घाटन किया।

सीनियर सैकण्डरी विद्यालय में आयोजित कार्यक्रम के मुख्य अतिथि उपखंडाधिकारी रामकिशन मीणा थे तथा अध्यक्षता लुपिन के अधिशासी निदेशक सीताराम गुप्ता ने की। इस अवसर पर एसडीएम ने कहा कि विद्यालयों में अध्ययनरत गरीब विद्यार्थियों की इस वाहन के माध्यम से आंखों की समय पर जांच हो सकेगी ताकि उनकी कम होती नेत्रज्योति अथवा अन्य किसी रोग का पता चल सके।

VARDAAN HEALTH DISCOUNT CARD

ABOUT VARDAAN PHILOSOPHY

Netram Eye Foundation is an organisation dedicated to social and human welfare past six years with exhaustive work experience.

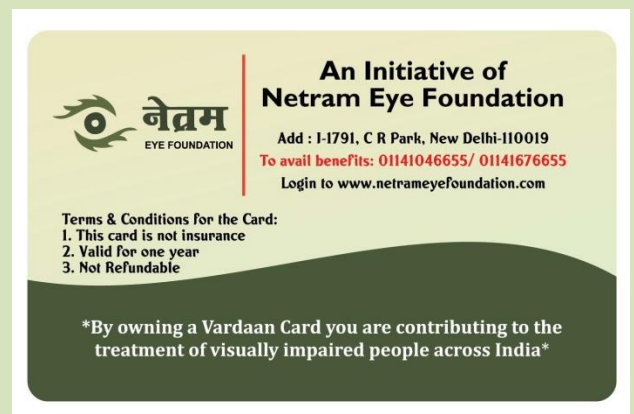

We identify the need of society and the pitfalls where people suffer. Huge medical expenses are the biggest deterrent to people's good health.

After immense research, we have come with a very innovative health plan, extremely economical but with benefits more than TEN times the card price.

Philanthropy being our core philosophy, money coming from these health cards is used for treating Visually Impaired people across India. Netram Eye Foundation distributes spectacles of refractive power to needy school children under project ROSHNI, aided by Vardaan Health Discount Cards.

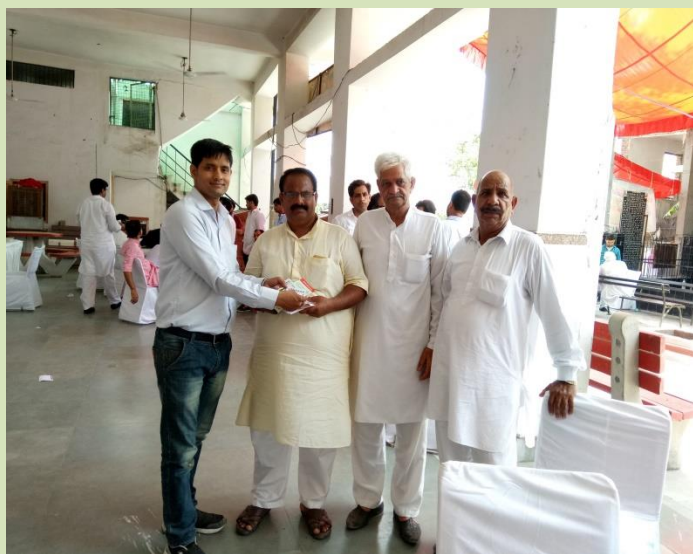

By becoming a member you are helping your family as well as society indirectly

Congratulations on becoming a responsible citizen.
